2ND QUARTER ISSUE • APRIL-JUNE 2018

THE OFFICIAL PUBLICATION OF CAGAYAN II ELECTRIC COOPERATIVE

CAGELCO II 37TH AGMA: A success!

CAGELCO II' 37th Annual General Membership Assembly (AGMA) was successfully conducted on June 16, 23, and 30 with an overwhelming support from thirteen thousand one hundred forty-nine (13,149) member-consumer-owners (MCOs) in attendance for the three venues with the theme, "Empowering Member-Consumer-Owners through Shared Vision & Responsibilities for a Sustainable Rural Development".

The 1st leg of the Annual General Membership Assembly (AGMA) was conducted at Sanchez Mira Gymnasium, Sanchez Mira, Cagayan with Hon. Celia T. Layus, M.D., Mayor of Claveria as Guest of Honor & Speaker. While, Hon. Asela B. Sacramed, Mayor of Sanchez Mira, welcomed the member-consumer-owners from nearby municipalities namely Sta. Praxedes, Claveria, and Pamplona.

The 2nd leg was held at Bienvenido G. Verzola, Jr. Memorial Sports Center, Luna, Apayao for MCOs of Abulug, Ballesteros, and Apayao (Luna, Pudtol, Sta. Marcela, and Flora) as CAGELCO II Board Vice President Dir. Doroteo S.

Garde expressed his gratitude for the active participation of MCOs in this part of CAGELCO II franchise area in lieu of Hon. Elias C. Bulut, Jr. Governor of Apayao being the Guest of Honor & Speaker.

The Cooperative concluded its 37th AGMA with NEA Admin. Edgardo R. Masongsong as Guest of Honor & Speaker.

Admin. Masongsong together with Philippine Rural Electric Cooperatives' Association, Inc. (PHILRECA) President Presley C. De Jesus graced the third and final leg of our AGMA with over SEVEN THOUSAND delegates from Districts IV, V, VI, VIII, and IX at Isabel Arellano Antiporda Gymnasium, Buguey, Cagayan.

He also led the Ceremonial Switch-On of the twenty-four (24) sitios under the Sitio Electrification Program (SEP) and Barangay Line Enhancement Program (BLEP) together with OIC, General Manager Ms. Blandina Y. Madamba

Administrator Edgardo R. Masongsong during his inspirational talk with the Member-Consumer-Owners (MCOs) as Guest of Honor & Speaker during the third and final leg of CAGELCO II's 37th AGMA.

and members of the CAGELCO II Board headed by Dir. Eva M. Antiporda as well as local government officials.

He likewise called upon all the MCOs for their continuous active participation in the Coop affairs for Financial,

FINANCIAL-32%
TECHNICAL-27%
OTHERS-3%

The AAA rating is the highest score given by the NEA to ECs that indicates the power distributors' full compliance on four parameters, namely financial, institutional, technical and reportorial requirements. The D rating is the lowest. Scores and their corresponding ratings are as follows: 95-100 = AAA; 90-94 = AA; 85-89 = A; 75-84 = B; 50-74 = C; and 49 and below = D.

Select CAGELCO II employees rendered an intermission number dubbed as "CAGELCO II: Through the Years" showcasing the Cooperative's history through song and dance.

CAGELCO II 37th AGMA: A success!

PAGE 1 ◀

Institutional, and Technical strengthening of CAGELCO II.

Admin. Masongsong also inducted the newly-elected and re-elected members of the CAGELCO II Board of Directors as well as Officers and Members of the Federated Member-Consumer-Owners Organization for the Municipalities of Abulug, Buguey, Allacapan, and Sta. Praxedes committing themselves in the service for the Rural Electrification industry.

OIC, General Manager Ms. Blandina Y. Madamba expressed her gratefulness in the success of the event and most

importantly for the first time in thirty-seven (37) years of conduct of AGMA, it was in her administration that a NEA Administrator attended the assembly.

During these three (3) assemblies, CAGELCO II Board President Dir. Eva M. Antiporda presented the Cooperative's accomplishments and achievements for the year 2017 and laid down the 2018 plans and programs for a brighter and sustainable power supply in the whole franchise area.

For the first time, CAGELCO II launched its "Electronic Prompt Payor Raffle Draw" where all registered

Mr. Presley C. De Jesus, President of Philippine Rural Electric Cooperatives Assoc., Inc. (PHILRECA) empowers MCOs to support CAGELCO II's activities and programs.

Two incumbent and one newly-elected member of the Board of Directors took their Oath of Office last June 30, 2018 with Admin. Masongsong as the Inducting officer.

Ceremonial Switch-On for the Sitio Electrification Program 2017-2018 led by Admin. Masongsong and Dir. Eva M. Antiporda, CAGELCO II Board President.

Mass induction of the Officers of the Member-Consumer-Owners Organization-Barangay Chapter and Municipal Chapter conducted by Admin. Masongsong.

Over seven thousand empowered member-consumer-owners took their oath of membership in the National Center of Electric Cooperative Consumers as catalyst of development for a progressive rural community.

member-consumer-owners who have been prompt in paying their power bill obligations from January-December 2017 were qualified to join. A total of thirty-nine (39) lucky winners were drawn electronically and took home brand new gadgets and electrical appliances.

Three (3) Brand New Tricycles were also given away for the annual AGMA Draw as part of CAGELCO II's Corporate Social Responsibility Program in order to uplift member-consumer-owners' lives beyond electrification.

Bearing the theme, "Empowering Member-Consumer-Owners through Shared Vision & Responsibilities for a Sustainable Rural Development", CAGELCO II aims to impart the 'sense of ownership' in the minds of the member-consumer-owners by giving them opportunities for active involvement in all of the Cooperative's undertakings.

EMPOWERING NEA AND THE ELECTRIC COOPERATIVES

TAKING BOLD STEPS FOR EMPOWERMENT

Meeting Dialogue: NEA and AERM with EC Council of Leaders, Presidents, General Managers and Allied Organization

NEA Administrator Edgardo Masongsong gathers anew the Council of Leaders, Board Presidents and General Managers of different Electric Cooperatives (EC) nationwide to further discuss ongoing measures aimed at strengthening the rural electrification sector. Foremost in the agenda is the development of a unified strategy to help the government achieve its total electrification target.

Roundtable Assessment

In an effort to improve the performance of ECs, NEA conducted a series of Roundtable Assessment of some 10 Under Performing, Financially and Technically Distressed Electric Cooperatives that started from June 13 until July 11, 2018.

MCO Organization reaches Municipal level

For the first semester of the year 2018, CAGELCO II has federated four (4) Municipalities namely Ballesteros, Buguey, Sta. Praxedes, and Allacapan as part of its continuous aim to institutionalize and strengthen the partnership between the Cooperative and the member-consumer-owners.

The officers and members of the Federated MCOO-Municipal Chapter functions as another implementing arm of the Cooperative to keep the MCOs in their respective town abreast with activities and programs undertaken by CAGELCO II.

These activities were all attended by the OIC, GM Ms. Blandina Y. Madamba and expressed her appreciation to the officers and members of the organizations as they show their strong support and active involvement in the affairs of the Cooperative.

MSEAC General Assembly: gearing up responsibilities

Multi-Sectoral Electrification Advisory Council (MSEAC) Members of CAGELCO II

A General Assembly meeting of the CAGELCO II Multi-Sectoral Electrification Advisory Council (MSEAC) Federation was held on May 05, 2018 at CAGELCO II Multi-Purpose Hall, Aparri, Cagayan with the aim of strengthening its networking activities.

Ms. Blandina Y. Madamba, OIC-General Manager, extended her gratitude to the MSEAC Members for the successful conduct of the three (3) District Elections having surpassed the target percentage set forth by the National Electrification Administration.

She also presented the Challenges in the Rural Electrification Sector which she emphasized that MSEAC plays a big role to protect the gains of the Electric Cooperative through their utmost participation and involvement in all CAGELCO II's undertakings.

Included also in the agenda is the conduct of the scheduled Energy Regulatory Commission (ERC) Public Hearing on May 10, 2018, (Thursday) regarding ERC Case No. 2016-133 RC, "In the Matter of the Application for Approval of the 2nd Tariff Glide Path for the Regulatory Period from January 2017 to December 2019" wherein a rate impact of Php 0.0545/kWh shall be imposed in the Distribution, Supply, and Metering Charge of the Cooperative.

MSEAC Members along with the Board of Directors were also informed of the Financial, Institutional, and Technical accomplishments of the Cooperative for the first quarter of 2018 as well as the plans and targets for the succeeding months.

MSEAC Federation President Hon. Alexander B. Pagulayan accepted Ms. Madamba's call of support and commits to strengthen the MSEAC Federation.

Empowered member-consumer-owners, essential to the ECS

With the NEA Administrator's vision to further the EC's function towards the gains of electrification thru empowered Member-Consumer-Owners, the CAGELCO II Board of Directors and OIC-General Manager together with some Area Managers, Member and Institutional Services Section Heads and the Member Services Division Personnel attended the Member-Consumer Empowerment Program (MCEP) held at Isabela I Electric Cooperative (ISELCO I) in Alicia, Isabela on May 10-11, 2018.

The Program aimed to establish the impact and role of the Member-Consumer-Owners (MCO) as key players in the growth and accomplishment of the Electric Cooperatives' Vision and Mission. The session was led by the NEA Administrator Edgardo R. Masongsong as keynote speaker giving emphasis to the valuable contribution of a solid support from the Member-Consumer-Owners, to the ECs considering the many challenges the ECs are now facing.

The MCEP is an information equipment and mobilization program for our MCOs to actively involve and participate themselves in the operations and programs of the ECs including but not limited to regular attendance to Annual General Membership Assemblies (AGMA) and exercising the MCOs strong support to the ECs representative during National Elections, creating more warm bodies in the Government as our delegates in support to the objectives of electrification.

MCEP was created in the year 2006, previously named the People Empowerment Program (PEP), operating under the principle of Educate-Organize-Mobilize (EOM) and was materialized and strengthened by Administrator Masongsong. Member-Consumer Empowerment is third in his 7-Point Agenda, where the State-run NEA recognizes the salient effect of community organizing especially in the grassroots level and equipping them with the necessary relevant information about the electric power industry.

The Program also provides MCOs the leverage to communicate their concerns and ideas to the Electric Cooperatives especially for matters directly affecting the Consumers. Thru this arm, their participation as partners in strengthening the information dissemination program is also motivated. It is through this collective effort that the ECs and MCOs build a firm and reliable partnership for the continuous delivery of efficient electric service thereby sustaining the viability and existence of the ECs especially now that threats of privatization or eradication of Electric Distribution Utilities are just around the corner.

MCOs who are aware of their ownership and responsibilities to the ECs are our partners in safeguarding the ECs pursuit for total electrification in this part of the country.

For CAGELCO II, the Member-Consumer Empowerment

NEA Admin. Edgardo R. Masongsong as he presents the capacity of MCO Empowerment.

The ECs in attendance were also given opportunity to discuss before the group their work-plan on Member-Consumer-Owner Empowerment.

NEA Admin. Edgardo R. Masongsong together with the NELECA Officers and different ISD Personnel during awarding of certificates to CAGELCO II's BOD, Management and Staff.

Program is manifested through its continuous formation of the Member-Consumer-Owners Organization (MCOO) which started during the last quarter of 2017 with eleven (11) pilot Barangays. As of June 2018, a total of 160 Member-Consumer-Owners Organization (MCOOs) are established equivalent to 33.40% of the target MCOs for organization within CAGELCO II's coverage area. ###

CAGELCO II's 69kV LINE EXTENSION PROJECT EYEING COMPLETION BEFORE END OF 2018

The flagship Capital Expenditure (CAPEX) Project of the Cooperative which is the extension of its 69kV Sub-transmission line from Lucban, Abulug to Centro, Sanchez Mira is finally nearing completion come November, 2018.

The Project which started on October 18, 2017 is the Cooperative's answer to the periodic voltage fluctuations affecting the municipalities of Claveria, Pamplona, Sanchez Mira and Sta. Praxedes, a long-standing predicament of the Member-Consumer-Owners (MCOs) in the Western part of the Cooperative's coverage area, to benefit 19,468 households.

Equipped with a total of five hundred sixty-five (565) steel poles and four (4) towers traversing the Bridges of Lucban, Abulug and Masi, Pamplona, the 38.9km 69kV Sub-transmission line is

▶ [page 8](#)

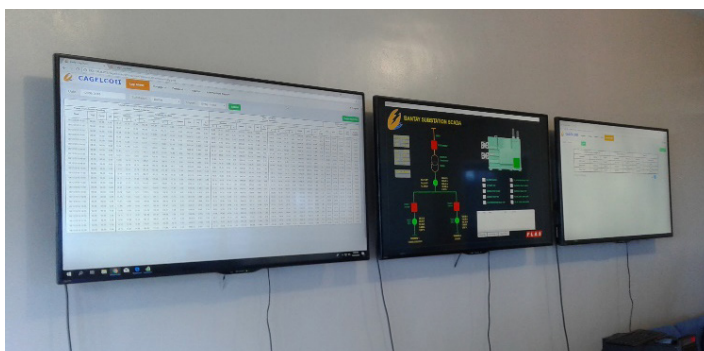

Construction of the 5/6.25 MVA Sanchez Mira Substation

Erection of 69kV's 60 ft. steel pole at Cabaggan, Pamplona

CAGELCO II implements SCADA

Taking advantage of the use of technology to enhance further the technical operations of the Cooperative, the Supervisory Control and Data Acquisition (SCADA) System is now installed and strategically housed at the Technical Services Department (TSD) office of CAGELCO II.

SCADA offers a wide range of online control and monitoring of the Substation, likewise, capable of maintaining its load-profile. All of these are transmitted by Remote Terminal Units (RTUs) as real-time data which are gathered by sensors installed in the Substation and transmitted to the System.

Currently in its preliminary period of implementation with a project cost of approximately Php 3.9M, the Coop's SCADA system was installed by Flas Industries, Inc. on May 28, 2018. In the meantime, Bantay Sub-station in Camalaniugan is the only connected Substation through Wide Area Network (WAN) while Magapit Substation in Lal-lo and Mission Substation in Sta. Teresita are targeted for connection till the end of this year. CAGELCO II has a total of seven (7) Sub-stations, all of which are shortly subject for connection to the System.

Through SCADA, CAGELCO II's Engineering Personnel can now easily interpret data and recognize problems as they occur in the Substation. Correspondingly, they can also conduct immediate corrective measures like automatic shutdown or tripping of the Substation as maybe necessary, all through online control. ###

60 Meter Reader Collector/Disconnectors (MRCDs) Undergo Training and Workshop

Mr. Leonard Sandoval, MIS Head, opens the 2-day Seminar on Windows Mobile environment & Trouble Shooting workshop.

Mr. Jameel Basher during the workshop with hands-on training on the PM6 meter reading device.

Data Analysts also had a dialogue with their complement Meter Reader Collector / Disconnectors (MRCDs) for a faster and improved teamwork for billing concerns.

CAGELCO II MRCDs and Speakers of the Seminar-Workshop, committed to serve!

Sixty Meter Reader Collector/Disconnectors (MRCDs) have undergone a 2-day Seminar-Workshop on Enhanced Field Findings Report and Windows Mobile Environment & Trouble Shooting which was held last May 17-18, 2018 at CAGELCO II Multi-Purpose Hall, Aparri, Cagayan.

This joint initiative of the Management Information Section (MIS) and Consumer Accounts & Energy Trading (CAET) Division in coordination with the ISD-HRDA Division aims to drive the MRCDs, the frontliners of the Cooperative, on the

importance of their role in the viability and sustainability of CAGELCO II.

Mr. Leonard A. Sandoval-MIS Head, together with his staff, facilitated the first day of the seminar giving a refresher course on the use of Meter Reading Device plus mastery of the Windows Mobile Software to safeguard the meter reading data and also introduced ways to trouble-shoot the device in cases of malfunction.

On the second day, the CAET Division spearheaded by Mr. Jaylor U. Tablit presented an overview of the enhanced field findings report and its impact on the reduction of

system loss and improvement of power reliability of the Cooperative. A review on existing procedures was also conducted which covers the Unbilled Elimination Program in order to acquire an accurate and reliable meter reading data from the kwh meters of electricity consumers.

As such, this seminar equipped the MRCDs with valuable knowledge with their meter reading device and will redound to improved billing services for the member-consumer-owners of CAGELCO II. Further, their field findings report shall contribute to lower System Loss.

Anti-Pilferage and Apprehension Activities, Intensified

The Team for Regionalized Anti-Pilferage (TRAP) conducted apprehension activities from May 7 to June 1, 2018 within the coverage area of CAGELCO II.

Composed of eighteen (18) personnel consisting mainly of linemen from eight (8) Electric Cooperatives of the Northeast Luzon Electric Cooperatives Association, Inc. (NELECA), apprehension measures against electricity theft were intensified as this has always been a continuing problem for Electric Distribution Utilities.

Consumers who were found out to have violated Republic Act No. 7832 otherwise known as the Anti-Pilferage of Electricity and Theft of Electric Transmission Lines/Materials Act of 1994, were given a notice of disconnection within 24 hours following apprehension or else their household shall be subject for electric disconnection. Consumers enjoying the benefits of free electricity caused by deliberate human intervention without due recompense to the Electric Cooperative were duly apprehended.

House-to-house inspection were conducted by the TRAP in groups of four (4) EC Personnel escorted by Regional and Local Police Officers, duly coordinated with each respective Municipal

Police Headquarters. The team carried out household electric load survey, documentation and on-the-spot conduct of corrective measures like change meter activity or rectification of illegal tapping for those member-consumers accounted for pilferage.

Electricity theft is a serious crime and is contributory to the accumulation of non-technical System Loss. A total of 21 consumers were apprehended during the T.R.A.P Program. ###

CAGELCO II's 69kV LINE EXTENSION...

PAGE 6 ◀

simultaneously being constructed with a 5/6.25 MVA load capacity Substation located at Centro, Sanchez Mira, Cagayan. As of June 2018, 60% of the 69KV Sub-transmission line extension is completed while the 5/6.25MVA Sanchez Mira Sub-Station is in its 40% construction level.

With a project cost of Php 186.5 Million funded by the National Electrification Administration (NEA) through a loan, this landmark project in

the history of CAGELCO II materialized under the leadership of its OIC, General Manager Blandina Y. Madamba and thru the dynamic management of its Board of Directors headed by President Eva M. Antiporda.

Moreover, short-term solutions which were carried out by CAGELCO II in its sincere efforts to address the problem of voltage fluctuation in the Western part of its coverage area were the optimization of

tap-changer setting of Lucban Substation's Power Transformer and Distribution Transformer along Lucban Feeder 1 at Lucban, Abulug, Cagayan. Likewise, the installation of three (3) sets of Automatic Voltage Regulator (AVR) at Centro, Pamplona; Langagan, Sanchez Mira; and Dibalio, Claveria were effected together with the installation of eight (8) sets of Capacitor Bank also in areas of Claveria, Pamplona and Sanchez Mira. ###

CAGELCO II shows support to LGU activities

As part of its networking activity, CAGELCO II has actively participated in the programs hosted by the Local Government Unit of Aparri during its Patronal Fiesta such as Town Parade, Women's Night, and Inter-Agency Basketball Competition last May, 2018.

Headed by OIC, General Manager Ms. Blandina Y. Madamba, employees from the main office showcased their dancing skills during the Women's Night celebration at Aparri Gymnasium last May 10, 2018 where various women's group in the locality have also shown their retro-themed performances.

CAGELCO II "Bolts" basketball team made history as they have defended their Championship Title during this year's tournament over BJMP/Maritime Team with a 3-0 score in the championship series outnumbering 12 teams in the Inter-agency category.

More than this, the newly-built CAGELCO II Multi-Purpose Gymnasium has been utilized during the basketball games of inter-barangay category which shows that this facility was built for member-consumer-owners' recreational use and not only for employees.

CAGELCO II headed by OIC, General Manager Blandina Y. Madamba joined in the Town Fiesta Parade last May 01, 2018.

Select Employees Compete in Sand Sculpturing Exhibition

During the celebration of the 'Aggao Nac Cagayan' (Cagayan Day), select CAGELCO II employees headed by OIC, Institutional Services Department- Ms. Kristine T. Basquez joined the Sand Sculpturing Contest launched by the

Province of Cagayan last June 24, 2018 at the shoreline of Punta, Aparri, Cagayan together with thirty-two (32) participants with the theme, 'Karagatan: Ingatan at Alagaan Para Sa Masaganang Kinabukasan.'

Being a CAGELCO II employee does not only mean to stay inside the halls of the office the whole year round, but they also gear up and flexed their bones to something challenging.

CAGELCO II team may not have won the competition but they have displayed great teamwork and passion as shown in their masterpiece.

NELECA 2018 Sportsfest: Unity in Diversity

Camaraderie, sportsmanship and partnership are once again underscored as the Northeast Luzon Electric Cooperatives Association, Inc. (NELECA) conducted the NELECA Sportsfest 2018 with the theme: "Unity in Diversity", participated by nine (9) Electric Cooperatives (ECs) held at Leonardo N. Mamba Gymnasium, Tuguegarao City, Cagayan last June 7-9, 2018.

The three-day sports and fellowship event was attended by some 500 delegates from the different participating ECs under Northeast Luzon namely BATANELCO, CAGELCO II, IFELCO, ISELCO I, ISELCO II, Kaelco, NUVELCO, QUIRELCO and CAGELCO I, the host EC.

Ninety (90) delegates of which were sent by CAGELCO II led by its dynamic

OIC, General Manager Blandina Y. Madamba and Board President Eva M. Antiporda together with the Members of its Board of Directors.

The NELECA Sportsfest is a time amongst the ECs to participate in friendly competition channeling towards a stronger partnership. The opening day was marked by the symbolic lighting of the torch demonstrating a unified and sustained NELECA led by its President Mr. Presley De Jesus.

Master of Ceremonies for the Opening Program were Ms. Kristine Basquez of CAGELCO II and Ms. Precious Ann Oria of ISELCO I.

The Honorable Governor Manuel N. Mamba of the Province of Cagayan graced the Opening Program as the Guest

Symbolic lighting of the torch led by NELECA President Presley De Jesus together with the General Managers of the nine (9) participating ECs

of Honor and Speaker, congratulating the ECs on their position towards the aim of electrification which he said is elemental to boosting the economy of the towns under their coverage areas.

The NEA Administrator Mr. Edgardo R. Masongsong was also present during the first night of the event, being constantly and actively present in the undertakings

affairs of the different ECs nationwide, confirming the strong support the National Electrification Administration (NEA) extends in solid partnership with the Electric Cooperatives.

This annual event of adrenaline-charged games of Basketball, Volleyball, Badminton, Track and Field, Board games and many others were gamely enjoyed by the competing teams. For Day-1, a

battle of Cheer & Dance, amplified by the loud cheers, yells and electric dance moves of the different Coop Employees displayed a spirited vibe where CAGELCO I emerged as the winner, CAGELCO II coming in second place and ISELCO II taking the 3rd spot in the cheer-dance competition.

A beauty pageant made the welcome night even more exciting as the search

for Ms. NELECA 2018 was contended by employees from the different ECs. CAGELCO II turned out as a front-runner as it bagged the title thru its employee Ms. Angelica A. Manaoat, Member Services & Media Relations Officer who proved that beauty and brains are indeed a powerful combination. Ms. CAGELCO II also won best in Sportswear and Creative Costume in the said pageant.

The CAGELCO II Team together with the Hon. Manuel N. Mamba, Provincial Governor of Cagayan and Guest of Honor & Speaker during the NELECA Sports-fest 2018 opening ceremonies.

More elimination games were competed upon on the second day as each EC bested each other towards the championship. The 2nd night was made even sweeter thru a fellowship gathering. It was a moment of entertainment and relaxation as each EC presented its energized performance of dance and song, including a duet competition. The employees danced the night away as it was also an opportunity to mingle with employees from the other ECs under a more laidback and casual setting.

A special relay competition was also gamely participated by representatives from the BOD and Management of each EC much to the delight of their staff as they enthusiastically cheered for their respective superiors. A basketball competition was also played by the "Seniors" of the ECs proving that age does not get in the way of enjoyment during the NELECA Sportfest.

The third and last day was concluded thru an awarding ceremony where CAGELCO II came in as the 2nd Placer Overall, missing a few points to ISELCO I who triumphed as the Overall Champion. CAGELCO I meanwhile came in at 3rd place. "We are proud of all of you" declared CAGELCO II's OIC, General Manager Blandina Y. Madamba as she congratulated and thanked the CAGELCO II team for giving its best. ###
